### **A message from the 2022 TSA Executive**

Nothing catalyses change like pressure—and we’ve certainly had plenty of that!

Following what has been a tumultuous couple of years, 2022 brought with it welcomed signs of predictability and routine. And while some might be sighing with relief as many things “return to normal”, we are committed to embracing the new TSA that has emerged from this transformative period—one that is more inclusive and engaging, serving all those within our catchment area, and deeply rooted in our mission to build community together.

Whereas 3 years ago the TSA’s digital footprint was limited to our website, semi-regular email bulletins and the occasional social media post, today our Society boasts robust virtual programming that has greatly expanded our reach and accessibility. Nowhere is this more evident than in our lectures which saw an attendance increase of

92% compared to 2021 to reach a record 3,145 viewers—twice the attendance than our best in-person year. Similarly, our on-demand resources have become go-tos for many in our community. Our page dedicated to resources for Internationally Trained Architectural Professionals has quickly climbed to be among the most visited sections of our website, and our virtual tours and online playlists are used by thousands of visitors every year.

While we are still in the very early days of our digital programming, it is clear there is an appetite for more virtual offerings which can be accessed anytime, anywhere. Not everyone can make it to an event downtown after work, but with our growing digital resources and events we hope to better serve all those within our catchment area and beyond.

As excited as we are about digital possibilities, we were also quite thrilled (and admittedly quite relieved) to welcome back many of our in-person initiatives in 2022. Our walking tours were back for a full season of explorations, accompanied by the return of our always popular building tours program, Pride, ADFF and even Doors Open Toronto. We must give a special thank you here to the 5 studios who joined us as part of our Open Studio program—your enthusiasm and willingness to lead despite the uncertainty made for a very special edition of this outreach event. Even TSA CONNECT, our networking event for newcomers, students and emerging professionals, came roaring back with two packed fall sessions.

Perhaps the most anticipated return of all was that of the TSA BASH, our annual year-end party which took special meaning after its long two-year hiatus. This year's celebrations were held at the John Street Roundhouse and included rides in their century-old train turntable. It was an absolute joy to get to see again in-person so many colleagues and friends, celebrating together three remarkable years of accomplishments, challenges and milestones.

While much of 2022 was spent balancing the return of our in-person events with the continuation of our new virtual offerings, we would be remiss not to highlight some of the new offerings developed over the past 12 months. Following the recommendations developed by our K-12 Outreach Task Group, this year's Gingerbread City included our first ever Kids' Main Street program—a gingerbread making workshop specifically designed for kids. The event was an instant success with

parents and kids alike, and we are eager to build on this experience as we continue to expand our K-12 offerings and make architectural education accessible to everyone.

None of this would have been possible without the generous support of dozens of donors and sponsors whose names are contained in this report. We are immensely grateful for their support which has become even more important as we continue to grow our offerings and make them accessible to a broader audience. Their sponsorships, along with an increased focus on revenue generation, will be key if we are to sustain the Society we have grown to be.

Our annual review would be incomplete without addressing some of the changes that have happened within the TSA leadership team and staff.

In our first digital election, Pamela Bruneau was elected as Treasurer of our Society for the 2022-2024 term, while Varsha Kumar was appointed our first Secretary in many years, a non-voting Officer position responsible for overseeing the upkeep of our records and documentation. The increase in Officers is reflective of our growing obligations as we oversee more programs and seek to maintain service levels to more members and larger audiences.

It wasn't only our Officers team that grew this year, we also welcomed two new staff members and grew our administration and programming team by one additional team member. The additional staff have already had a significant impact in providing the support our volunteer leadership and events teams need to make our programming possible. Our staff now even have a permanent (one day a week) home—the TSA is now a member of the Centre for Social Innovation, sharing amazing facilities with other non-profit organisations and social enterprises. We're excited for this new chapter in our Society's history and learning and sharing with other like-minded organizations.

We also had to say some goodbyes this year. We want to take this opportunity to thank outgoing Treasurer Alana Young for her leadership and dedication, particularly in the face of some of the most challenging times our Society has ever faced. We wouldn't have been able to navigate these turbulent times without your continued support. We also want to extend a big thank you to Charmain Wong, our TSA Administrative Assistant who we said goodbye to after almost

two years of contributions. We wish Charmain the best of luck as she pursues the next phase of her career.

As we begin to emerge from a period of uncertainty, reinvention and transformation, we are excited to see what our Society has become and are committed to sustaining the gains we have made over the past three years. We are immensely proud of all that we have achieved, but are even more excited about what is to come and we look forward to working with our members, volunteers, sponsors and allies in shaping this shared vision.

Doors Open was back in-person this year! Top: Our tour guides reflected on the theme of renewal with special one hour tours of Harbourfront Centre. Photo by Mervin Peria. Bottom: Studios, including Taylor Hazell Architects pictured here, once again invited the public to take a behind-the-scenes peek into their offices as part of Open Studio.

Top: There was fun for all ages at Open Studio 2022, with children participating in a marshmallow structure activity at DUBBELDAM Inc Architecture + Design. Photo by Mervin Peria. Bottom: A very special venue, The Bentway, was our host for this year's Architects Talk reflecting on the theme renewal.

Top: The Pride Parade was back—and so was our float! This year we worked with the Carpenters Union Local 27 to put together a celebration of Toronto's Queer Spaces, new and old. We even made a digital version to help share the stories. Bottom: An amazing team of volunteer tour guides made our 2022 walking tours season a success.

## About the Toronto Society of Architects

Established in 1887, the Toronto Society of Architects (TSA) is a non-profit volunteer led organization dedicated to bringing people together to discuss, learn and explore around our shared passion for the built environment.

We are committed to the betterment of our city and have played an important advocacy role throughout Toronto's history. We do this through a wide range of programs which foster welcoming and inclusive forums for debate and the exchange of ideas, stimulating critical thinking about the design and building issues of our time.

Our public programming is complemented by initiatives supporting the personal growth and professional development of over 2500 TSA members.

Membership is open to everyone and welcomes design professionals, students and the general public.
